

Philips PowerPro Aqua 3-in-1 handstick cordless with PowerCyclone Technology

Philips PowerPro Aqua is a powerful cordless vacuum cleaner which combines vacuuming and mopping to quickly clean daily messes. Easy click on/off mopping system to vacuum only, or vacuum and mop in one go.

Our eco passport

Philips wants to make the world healthier and more sustainable. To make this a reality, we have to keep thinking differently; pushing the boundaries of what is currently believed possible. We continuously innovate and deliver products and technologies that are positive for people and the environment. At Philips we call this Green Innovation.

We know this is important to you too. So we have developed an eco passport which explains the environmental performance of our products in the six Philips Green Focal Areas, developed through our eco design process since 1994, enabling you to make conscious, informed decisions. An eco passport will explain the Green Focal Areas considered and applied in the specific product.

Energy

- Battery type: Li-Ion
- Battery voltage: 18-25 Volt
- Annual energy consumption: 28 kWh/year*

Packaging

- Cardboard: minimal of 90% recycled material
